ABOUT

💡 Dogedit was created to become the new icon of the meme coin on Reddit, the largest social network right now.

As the number of investors holding tokens grows in the future, we will change the way people use Reddit, \$Dogedit will be used as the main payment token in the Reddit ecosystem

(<https://www.reddit.com/vault/>) and especially as the main

payment cryptocurrency at Reddit NFT Marketplace:

Why \$dogedit will become the top 1 meme coin on Reddit:

- No presale token, no ventures token, no team token. ALL of the initial tokens will be added to Liquidity Pool on PanCakeSwap. No one can rug-pull or take any token from you [-> CHECK HERE <-](#)
- A total supply of 200,000,000,000,000 will be delivered by auto-compounding in just 3 years to all holders. If you hold 1,000 \$Dogedit today, you'll earn 1,000,000 \$dogedit a year later.
- Backed by top anonymous investors of meme coins and Reddit. We committed to BUMPING the token price following the roadmap in the next 4 years, from July 14th, 2022.
